

Full Stack Web Engineer (m/f/x) – Scala, JavaScript, AWS

From September in Bydgoszcz or Szczecin

Meelogic Consulting AG develops IT solutions for a mobile and interconnected world on the basis of an in depth understanding of technologies and markets in the digital age.

Founded by IT professionals in 2011, today we work in international teams at five locations for well-known customers. These customers are established in their respective industries comprising telecommunication, information technology, automotive, medical technology, energy, mobile, media, transport, logistics and e-commerce. We combine an agile start-up culture with years of consulting expertise, excellent know-how and a high level of reliability

As part of the GlobalLogic family headquartered in Silicon Valley, we operate worldwide and are able offer a broader range of skills and technologies as well as scalability to suit our customer's needs.

At the next possible date, we are looking for a **Full Stack Web Engineer (m/f/x) – Scala, JavaScript, AWS** to strengthen our team in Bydgoszcz and Szczecin..

YOUR TASKS

- Design and implement and maintain tools for automated data processing
- Work on backend-based software stacks for advanced automotive applications as well as on the front-end side
- Take care of implementation of new features as well as for bug fixing

YOUR PROFILE

- Solid Scala knowhow (proven experience from several projects)
- Professional experience in Java
- Good understanding of web technologies; REST, JSON, XML etc.
- Experience in cloud technologies (AWS)
- Database know-how (e.g. PostgreSQL)
- Good knowledge of continuous integration & build tools, with a preference on Jenkins and/or Bamboo
- Comfortable with Agile/Scrum and using collaboration tools (e.g. SVN/Git/Mercurial), issue tracking tools (e.g. JIRA)
- Very good communication skills in English, speaking German is a plus

WORKING AT MEELOGIC

- A casual atmosphere in new office right in the heart of Bydgoszcz and Szczecin
- Flat hierarchies which encourage responsibility and commitment amongst employees
- A team, which sticks together, across locations, shares knowledge and communicates openly
- Challenging and diverse tasks often involving cutting edge technologies
- An international and multi-cultural working environment
- Regular team events
- Flexible working hours to help you manage your work/life balance
