

Functional Safety Manager (m/f/x)

From September in Berlin

Meelogic Consulting AG develops IT solutions for a mobile and interconnected world on the basis of an in depth understanding of technologies and markets in the digital age.

Founded by IT professionals in 2011, today we work in international teams at five locations for well-known customers. These customers are established in their respective industries comprising telecommunication, information technology, automotive, medical technology, energy, mobile, media, transport, logistics and e-commerce.

We combine an agile start-up culture with years of consulting expertise, excellent know-how and a high level of reliability.

We are looking for a **Functional Safety Manager (m/f/x)** for one of our projects in Berlin.

YOUR TASKS

- You create the functional and technical safety concept
- You derive software requirements according to the ASIL level
- You are responsible for system FMEA (hardware and software)

YOUR PROFILE

- Knowledge from hard- and software development
- Automotive SPICE know-how
- Participated in audits and assessments
- Experienced in creating functional safety concepts according to ISO26262
- Comfortable with Agile/Scrum
- Very good communication skills in English, both written and spoken

PROJECT DETAILS

- Project duration: initially 6 months (extension is planned)
- Start date: September
- Location: Berlin
- Working mode: 100% onsite
- EU citizenship is required for the project

APPLICATION
